*“A Pilgrimage of Psalms”*

*2 September - 11 October 2009*

*For their 20<sup>th</sup> Anniversary Oxford Scribes sponsored Psalm XX in the Saint John's Bible, a 20<sup>th</sup> century fully hand lettered and illustrated Bible produced by a group of British calligraphers for a seminary in Minnesota - the first to be hand-written since 1452.*

*As a linked project, 23 members of the Society lettered the Psalm in as many languages as possible using a limited colour palette of grey, black, red and gold. The results cover American to Welsh via Hebrew, Japanese and Russian.*
